The figure consists of five vertically stacked line graphs, each representing a different time period or scenario. Each graph plots Cumulative Utilization (CUL) on the Y-axis (ranging from -5 to 5) against Free Time Left (FTL) on the X-axis (ranging from -5 to 5). The curves are bell-shaped and centered at (0,0).

- Graph 1 (Top):** STA = 2 + 850.000. The curve is very narrow and shifted slightly to the right.
- Graph 2:** STA = 2 + 825.000. The curve is wider and shifted further to the right.
- Graph 3:** STA = 2 + 800.000. The curve is wider and shifted further to the right.
- Graph 4:** STA = 2 + 775.000. The curve is wider and shifted further to the right.
- Graph 5 (Bottom):** STA = 2 + 750.000. The curve is the widest and shifted furthest to the right.

The X-axis is labeled "FTL" and the Y-axis is labeled "CUL". A vertical blue line is drawn at FTL = 0. The curves are labeled with their respective STA values.

Legend:

- Road: Solid black line
- Path: Dashed black line
- Survey Point: Blue circle with crosshair

A detailed topographic map section showing contour lines, elevation values, and a north arrow. The map includes a grid with columns labeled E522800+, E522900+, E523000+, and E523100+. Contour lines are labeled with elevations such as 0+000, 0+100, 0+200, 0+250, 0+300, 0+350, 0+400, 0+450, 0+500, and 0+550. A north arrow is located in the upper left corner.
